operation, even in cold northern climates. holding tank area circulates air around the suspended tanks providing the best protection from freezing. All our dump valves are also enclosed and heated to ensure smooth

**Heated Holding Tank Area**

**Solid Wood Cabinetry**

By using solid wood face frame construction and then integrating the cabinet with the structure of the ceiling and walls, our coaches and our cabinets are both made stronger.

**4 Season All Weather Camper**

When Northwood advertises a "Full Walk-On Roof" for our slide out truck campers, you not only can walk everywhere on the roof, but you could also invite a couple dozen of your friends to join you! We tested the strength of our 992 full-wall slide model by loading the roof with 31 of our camper line employees (a good testimonial for our camper jacks too!)

**Full Walk On Roof - 31 Employees On Board!**

Your Local Dealer is:

We use 1-1/4" thick plywood for the strongest basement wall you will find anywhere! A structure is only as good as its foundation, and we build on the best.

The foundation walls of a Northwood Truck Camper are the thickest in the industry!

**Structural Aluminum Basement Floor Frame**

Big holding tanks require a floor structure... That's the Arctic Fox floor! Thick wall aluminum basement floor joists support our holding tanks under the basement of every Arctic Fox Truck Camper.

Aluminum Superstructure & Solid Core Blocking

Anchor blocking gives substantial strength at main connection points.

Our Guarantee of Quality Strength Durability

**ARCTIC FOX**

Riviera Dune - Model 990

**Northwood** is pleased to introduce you to the Arctic Fox Truck Camper. With eight plans to choose from, there is an Arctic Fox to fit the needs of nearly every camper buyer. You can purchase your Fox Camper with confidence because Northwood builds more slide out truck campers than any other manufacturer! Arctic Fox offers a wide variety of features and options sure to satisfy your truck camper needs. That's because The Fox was designed with the informed camper purchaser in mind. We invite you to take a closer look and you'll see why Arctic Fox is the truck camper of choice for the experienced buyer.

Model 811

Model 992

Royal Estate - Model 992

When you compare the specifications of our slide out with the competition, you will see why Arctic Fox continues to be the industry leader. Our full wall slides are up to 26" deep, and our aluminum super structure slide out operates under heavier load conditions than competitors. We build our slide outs right, using dual ram rack and pinion slide mechanisms. Many competitors rely on a single slide mechanism. The dual rams carry the slide-out room smoothly even under full load weights. Five separate seals insure against water intrusion. The slide room is completely insulated for your comfort in all weather conditions. We will continue to lead the industry in innovative slide out camper engineering.

For years, Northwood has been the industry leader in slide out truck campers and this year is no exception! Like all Arctic Fox Campers, these new Foxes are durable enough for extended cross-country and off-road travel! Our transverse floor structure offers a wider main floor giving a spacious feel that is immediately apparent upon entering the coach. Check out the new features such as the comfortable and convenient Dream Dinette, with no table legs to negotiate around, and the new larger dinette window to enhance your view of the outdoors while dining or relaxing. Arctic Fox is the leader in slide out truck camper design.

Model 865

Model 990

Many manufacturers are building aluminum frame truck campers nowadays, but aluminum frames are not all the same. We are proud of the quality materials we use and the construction methods we employ to build America's best selling full wall slide out truck camper. There's no doubt that our Arctic Fox truck campers are attractive, but what really sets us apart from the competition is how beautifully they're constructed. From our heavy gauge aluminum with continuous welded joints and solid fill anchor blocking, to our bonded full walk on roof (that will support 29 employees), the Arctic Fox Truck Camper is truly a thing of beauty. Once you've owned an Arctic Fox, you'll never be satisfied with less. That's why we say... "Beauty is more than skin deep!"

Feature fabrics enhance the Presidential Cherry finish hardwoods and textured wall boards. You have your choice of a number of beautiful interior decor colors. We use only commercial grade vinyl floor covering and you also have the option of a removable carpet kit. (Carpet kit not available in the 865 and 992 model.)
